

CM ALMY

Identifying Location for Microphone Hole Cut Out Hangings or Table Covers

EXAMPLE:

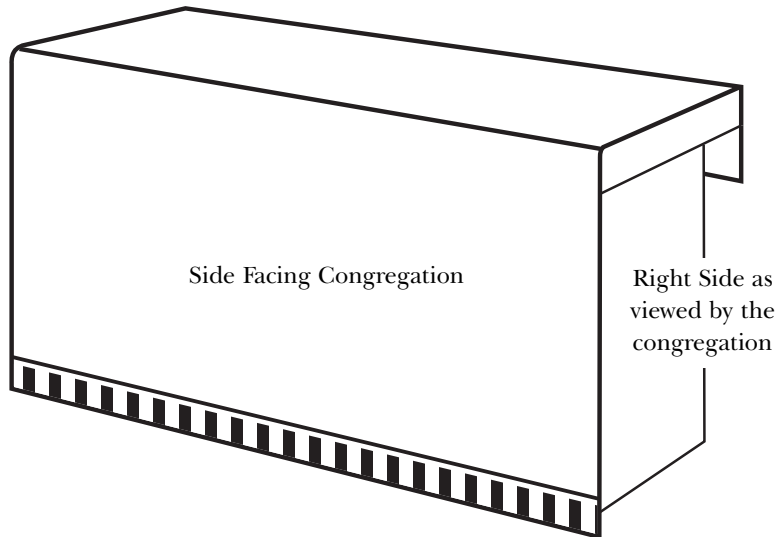

- 1 On the form below, mark the approximate visual location for the position of the hole with an X.
- 2 On your altar or table, measure the distance from the two closest sides to the *center* of where you would like Almy to make the hole.
- 3 On the form below, indicate the distances from the two sides you measured and also state the hole diameter.

EXAMPLE MEASUREMENTS

A= 22 inches to hole center

B= 36 inches to hole center

Hole Diameter = 2 inches

YOUR MICROPHONE HOLE LOCATION:

MEASUREMENTS

A= _____ inches to hole center

B= _____ inches to hole center

Hole Diameter = _____ inches
